

Disclaimer

Because of changes to and within the Child Protection Act, Cardiff On-road + Buggy Racing Association here after known as COBRA must ask the parents and or guardians of junior entrants {under 16 years of age}. That they accept that model car racing can be dangerous/hazardous especially when marshalling.

COBRA will not be held responsible for any injuries incurred or sustained whilst at a meeting, and any liability claim MUST in all cases be made directly to the BRCA.

If any parent/guardian is unable to accept/comply with this disclaimer, they must find a substitute marshall for the entrant and inform Race control/director immediately. This marshall MUST be over 16 years old and hold a current BRCA licence. If this cannot be arranged, the entrant will not be allowed to compete.

ALL BRCA licence holders {including under 16 year olds} are covered by the sports governing body's comprehensive insurance policy.

Details of the policy can be found in the BRCA handbook.
